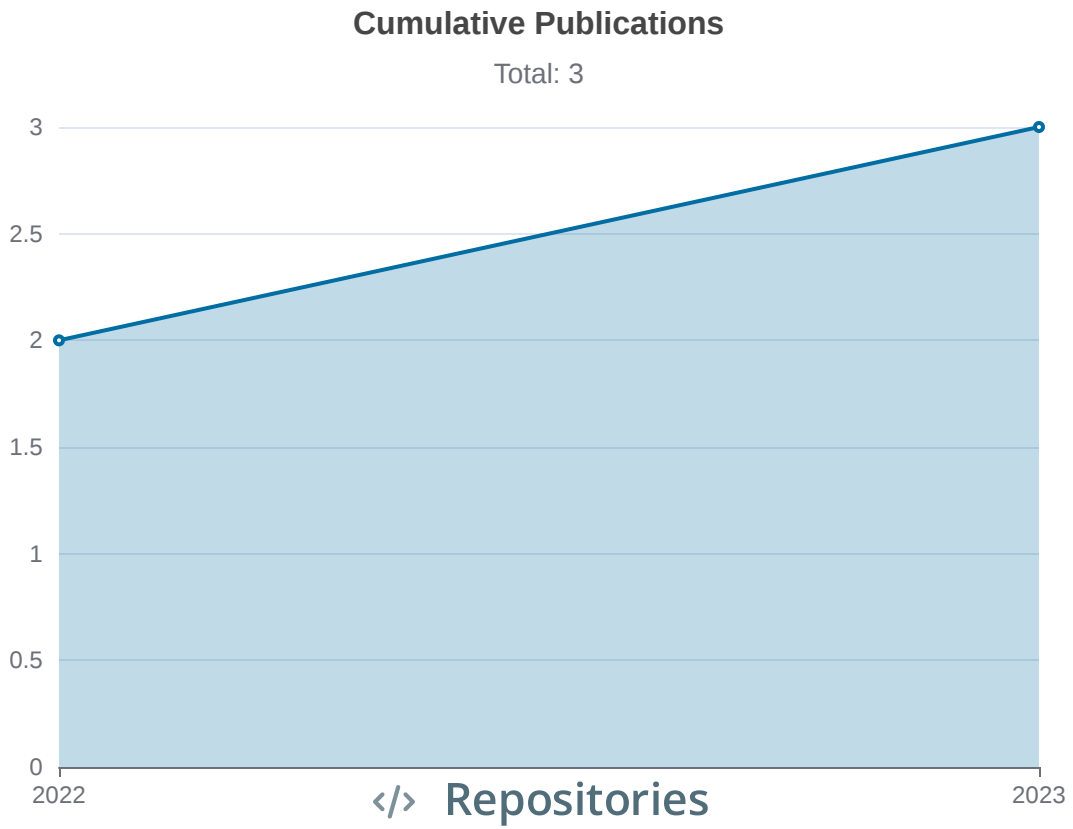
Notes

RCR Relative Citation Ratio

SJR Scimago Journal Rank



Software repositories associated with this project.

Name	Description	Stars	Watchers	Forks	Issues	PRs	Commits	Contrib.
No data								

Name	Tags	Last Commit	Avg Issue	Avg PR	Languages	License	Readme	Contributing	Dependencies
No data									

Notes

Repository	For storing, tracking changes to, and collaborating on a piece of software.
PR	"Pull request", a draft change (new feature, bug fix, etc.) to a repo.
Closed/Open	Resolved/unresolved.
Avg Issue/PR	Average time issues/pull requests stay open for before being closed.

Only the `main` /default branch is considered for metrics like # of commits.

Analytics

Traffic metrics of websites associated with this project.

Notes

Active Users	Distinct users who visited the website .
New Users	Users who visited the website for the first time .
Engaged Sessions	Visits that had significant interaction .

"Top" metrics are measured by number of engaged sessions.

Developed with support from NIH Award U54 OD036472
