The chart illustrates the projected growth of the population aged 65 and over in the European Union. The y-axis represents the number of people in billions, ranging from 0 to 3. The x-axis shows the years 2023 and 2040. A blue line with circular markers at the data points shows a consistent increase over the 17-year period.

Year	Population (billions)
2023	2.0
2040	2.95
