### Notes Notes

RCR Relative Citation Ratio Repository For storing, tracking changes to, and collaborating on a piece of software.

SJR PR

Scimago Journal Rank "Pull request", a draft change (new feature, bug fix, etc.) to a repo.

Closed/Open Resolved/unresolved.

Avg Issue/PR Average time issues/pull requests stay open for before being closed.

Only the main /default branch is considered for metrics like # of commits.

# of dependencies is totaled from all manifests in repo, direct and transitive, e.g. package.json + package-lock.json.

### Analytics

Traffic metrics of websites associated with this project.

"Top" metrics are measured by number of engaged sessions.
