

## Core Project R03OD038392

### Overview

High-level info about this project.

#### Projects

1R03OD038392-01

#### Name

Common Fund Gene Utility  
Compendium: A Systems Biology  
Resource to Explore Tissue-Specific  
Functional Genes and Druggable  
Genomes

#### Award

\$323K

#### Publications

2 publications

#### Repositories

- repositories

#### Analytics

- properties

 Publications

Published works associated with this project.

| ID                                                                                                                                                                                                                      | Title                                                                                          | Authors                                                                 | RC<br>R       | SJ<br>R       | Cita<br>tion<br>s | Cit./<br>yea<br>r | Journal                                         | Publ<br>ishe<br>d | Upda<br>ted        |

Publications (cumulative)

Total: 2

## Notes

RCR [Relative Citation Ratio](#) 

SJR [Scimago Journal Rank](#) 

## </> Repositories

Software repositories associated with this project.

Sorry, you're not authorized to view this data

a

### Notes

Repository For storing, tracking changes to, and collaborating on a piece of software.

PR "Pull request", a draft change (new feature, bug fix, etc.) to a repo.

Closed/Open Resolved/unresolved.

... ..

Built on Apr 30, 2026

Developed with support from NIH Award [U54 OD036472](#)

# of dependencies is totaled from all manifests in repo, direct and transitive, e.g. `package.json` + `package-lock.json`.

## Analytics

Website metrics associated with this project.

Sorry, you're not authorized to view this data

### Notes

Active Users      [Distinct users who visited the website](#) .

New Users      [Users who visited the website for the first time](#) .

Engaged Sessions      [Visits that had significant interaction](#) .

"Top" metrics are measured by number of engaged sessions.
