

# Core Project U24OD038421

## Overview

High-level info about this project.

### Projects

5U24OD038421-02  
1U24OD038421-01

### Name

Community Data Hub for Integrative  
Visualization

### Award

\$1.9M

### Publications

1 publications

### Repositories

- repositories

### Analytics

- properties

# Publications

Published works associated with this project.

| ID                                                                                                                                                                                                                  | Title                                                                                                | Authors                                            | RCR | SJR | Citations | Cit./year | Journal | Published | Updated     |

## Notes

- RCR [Relative Citation Ratio](#) 
- SJR [Scimago Journal Rank](#) 

## </> Repositories

Software repositories associated with this project.

Sorry, you're not authorized to view this data

### Notes

Repository For storing, tracking changes to, and collaborating on a piece of software.

PR "Pull request", a draft change (new feature, bug fix, etc.) to a repo.

Closed/Open Resolved/unresolved.

Issue/PR Avg Average time issues/pull requests stay open for before being closed.

Only the `main` /default branch is considered for metrics like # of commits.

# of dependencies is totaled from all manifests in repo, direct and transitive, e.g. `package.json` + `package-lock.json`.

## Analytics

Website metrics associated with this project.

Sorry, you're not authorized to view this data

### Notes

Active Users      [Distinct users who visited the website](#) .

New Users      [Users who visited the website for the first time](#) .

Engaged Sessions      [Visits that had significant interaction](#) .

"Top" metrics are measured by number of engaged sessions.
