

# Core Project U24OD036598

## Overview

High-level info about this project.

### Projects

4U24OD036598-08  
3U24OD036598-08S1  
9U24OD036598-07  
3U24OD036598-07S1  
3U24OD036598-07S2

### Name

Molecular Transducers of Physical  
Activity (MoTrPAC)

### Award

\$7.9M

### Publications

15 publications

### Repositories

- repositories

### Analytics

- properties

## Publications

Published works associated with this project.

| ID                                                                                                                                                                                                                      | Title                                                                                                | Authors                                                                                    | RC<br>R        | SJ<br>R        | Cit<br>ati<br>ons | Cit.<br>/ye<br>ar | Journal         | Pub<br>lish<br>ed | Upd<br>ated  |

## </> Repositories

Software repositories associated with this project.

Sorry, you're not authorized to view this data

a

### Notes

Repository For storing, tracking changes to, and collaborating on a piece of software.

PR "Pull request", a draft change (new feature, bug fix, etc.) to a repo.

Closed/Open Resolved/unresolved.

... ..

Built on Apr 29, 2026

Developed with support from NIH Award [U54 OD036472](#)

# of dependencies is totaled from all manifests in repo, direct and transitive, e.g. `package.json` + `package-lock.json`.

## Analytics

Website metrics associated with this project.
