

Core Project R03OD038391

Overview

High-level info about this project.

Projects

1R03OD038391-01

Name

Leveraging Heterogenous Common
Fund Data Sets and Beyond for
Identifying Lung Cancer Subtypes

Award

\$307K

Publications

16 publications

</> Repositories

Software repositories associated with this project.

Sorry, you're not authorized to view this data

a

Notes

Repository For storing, tracking changes to, and collaborating on a piece of software.

PR "Pull request", a draft change (new feature, bug fix, etc.) to a repo.

Closed/Open Resolved/Unresolved

Built on May 1, 2026

Developed with support from NIH Award [U54 OD036472](#)

Only the `main` / default branch is considered for metrics like # of commits.

of dependencies is totaled from all manifests in repo, direct and transitive, e.g. `package.json` + `package-lock.json`.

Analytics

Website metrics associated with this project.

Sorry, you're not authorized to view this data

Notes

Active Users [Distinct users who visited the website](#) .

New Users [Users who visited the website for the first time](#) .

Engaged Sessions [Visits that had significant interaction](#) .

"Top" metrics are measured by number of engaged sessions.
